

Track #4: "God Taught Me"

Verse #1:

- Many, many years ago, there were a lot of things I did not know.
- I had questions in my mind; most of the answers I could not find.
- But when Jesus came into my life, He opened my eyes and I saw the light (I really saw the light).
- 'Cause He taught me; surely God has taught me.

Verse #2:

- God gave me the patience, just to wait upon His will.
- And He gave me the strength to climb to the top, of each rough and rugged hill.
- And now I'm more convinced than ever, that the God I serve is real. (He's really real).
- He taught me; surely God has taught me.

Chorus #1:

- It was God who taught me how to pray; and He gave me the words to say.
- He taught me how to live; He taught me how to receive and how to give.
- He taught me what was wrong; And He taught me what was right.
- He taught me how to shut my mouth, and let Him fight my fight.

Chorus #2:

- God taught me what I am, and He taught me what I'm not.
- He taught me how to appreciate, every little thing that I've got.
- He turned His mighty spotlight, directly on my soul.
- Now, He's taking out the things that should not be, and He's working to make me whole.
- Every single day I'm learning, to depend upon His grace.
- And when He comes back to carry me home, I'm going to see Him face-to-face.
- Vamp: It's a process. [He's still teaching me (2X); He's still transforming me. He's conforming me to the image of His Son. He's still changing me. He's re-arranging me]. IT'S A PROCESS.
