

Track #7: "You Got to Be Holy"

Refrain {Group}:

- You got to be holy, holy in your soul.
- You got to be born again; you got to be made whole.
- You got to be buried in Jesus' name;
- You got to be free from sin and shame.
- You got to be filled with the Holy Ghost; you got to be saved.
- You got to be justified by Christ, and He will make you righteous in God's sight.
- You got to be holy, holy in your soul.

Rap Verse #1: {Josh Mitchell}

- Okay you've got to be holy, set apart. Ask the Lord to check your heart. Renew your mind leave shame behind and He'll give you a second start.
- You're not your past mistakes, now you can be forgiven. He causes the dead to rise into eternal livin'.
- And it's a freedom from fear, He's calling you to draw near and to let go of your past, new life begins here. It's a freedom from shame. This is the reason He came to give to you a new name, your sins have been cleared.
- Old life is passed away, new life is here to stay. He made you right, called you to light so go and take flight today.
- Get up, your mistakes are now behind you. Move forward, and let His Word remind you. You're not a failure; that's cause for celebration, in Christ a new creation, so you're given life times two.

Rap Verse #2:

- You're made holy, set apart for His use. He bought you with the blood of Jesus, set you free from abuse.
- At the hands of the enemy, Jesus is the remedy. You used to be a slave to sin, but He says, "You're a friend to Me."
- Not a disappointment or a disgrace. You deserve to die, but Christ was crucified in your place.

(Page 2: You Got to be Holy)

- He took on your sin, took the pain, resurrected, now He reigns. The Father sees you purified and justified in Jesus' name.
- So you're a child of God, heir of salvation. And you ought to tell the good news to every nation. You're holy and righteous, so walk in the light.
- Just imagine how many more will see your transformation. And choose Christ because they saw He can erase sin.
- Even though you messed it up, God caused you to bless it up. Turn the other way and pray and use your gifts to bless Him up.
